

From the Executive Director Sara Blackhurst

We have found that the chamber members consistently have some very important things in common. Not only do they want their business to prosper, but the entire area. They understand that if they are doing well, others will do well and vice versa. In addition, they are making their business prosper in a very unique market and they understand the chamber is an important component in that success. We also enjoy the pleasure of quite a few individual members. Like our business professionals, they understand the influence that chamber has on “making things happen”. They are chamber members because they care so deeply about the Greenhorn Valley and what it holds for all of us in the future. SO take this opportunity to join a group of people who understand the importance of being chamber members and what it brings to them and their community.
